チューリップと加瀬さん。
tulip to kase-san
Right now we're deep into autumn
What kind of spring awaits these two?
Hiromi Takashima
高嶋ひろみ

That's my duty as plant appointee
During this season I cultivate the flowerbeds around the school...
I see you're still working hard Yamada!

Sensei
Working hard even while preparing for exams!
Are you sure you're okay doing this?
All the third years have retired from club activities
We have plant appointees in the other years, too, right?
Why don't you get your underclassmen to help out?
Seems like they're busy with club activities.
Ahaha
Hehe
That's our Yamada!
Until then, I'll make sure to look after our school's greenery!
I'm still the plant appointee for another three months!

By the way, didn't you suddenly change your choice for college?
To a horticultural college in Tokyo?
I heard all about it! Some girl changed her mind right at the last minute!
The person in charge made such a fuss about it!
Eh?!
Hahaha
Well, that's very much like you Yamada...
Do your best!
Yes sir!

I changed my choice of college from a local university
to a much more desired horticultural department at a women's university in Tokyo

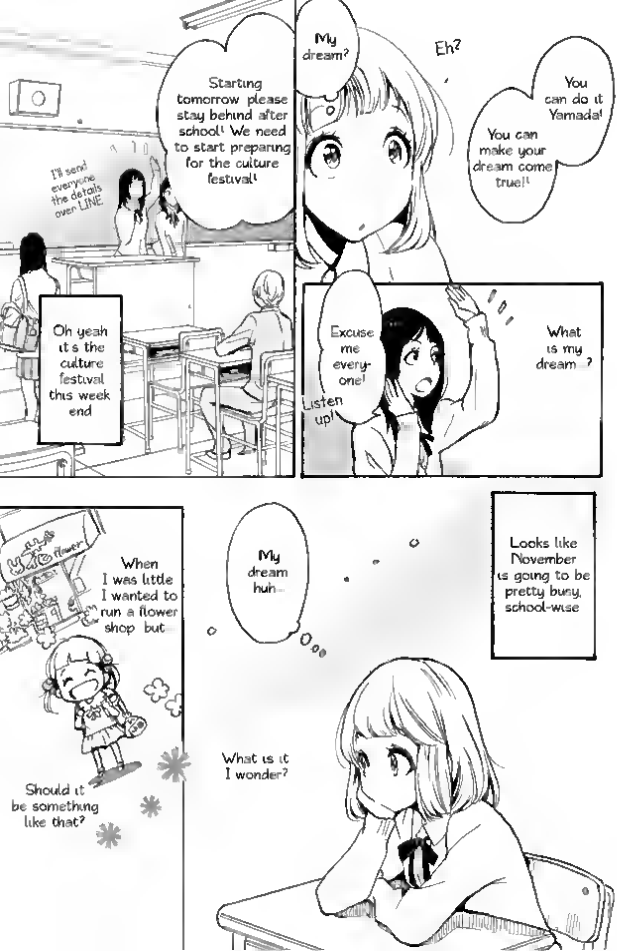
ガラ…
Congratulations, Kase-san!
Congrats on passing!

Kyaa!
You did it! That's our Kase!
Great job Kase-san♡
Kyaa!
Kyaa!
Kyaa!
Come this spring you'll be a Tokyo girl!
The girl in my class Kase-san
is really athletic and got a sports recommendation
Kyaa!

Kase-san is the ace of the track and field club
A beauty who's popular in our class
A girl way cooler than any boy
Oh Kase-san passed!!
Mikawa-cchi
Good morning
I was gonna go give her a carefree congratulations but
Only Kase-san got to finish her college exams early!
Frankly I'm jealous!
Grrrr
Sigh

AND YOU'RE ONLY TAKING THE K COLLEGE EXAM, GOT IT?!
I eventually persuaded her but...
YOU BETTER STUDY HARD!
Who knows what'll happen if you slip up
Only taking one entrance exam...
Scary...
So much pressure...
When I
told my mom
that I wanted to go to Tokyo instead of a local college
she got really angry...
UUUUUh

become a normal office lady
and give up on your dream
I thought you would just end up settling for the local college
It's only a private university but just the one.
Kase-san already passed too...
I wonder if I'm gonna be alright
But still you're pretty amazing!



Starting tomorrow please stay behind after school! We need to start preparing for the culture festival!
I'll send everyone the details over LINE
Oh yeah it's the culture festival this week end
My dream?
Eh?
You can do it Yamada!
You can make your dream come true!!
Excuse me everyone! Listen up!
What is my dream...?
When I was little I wanted to run a flower shop but...
Should it be something like that?
My dream huh...
What is it I wonder?
Looks like November is going to be pretty busy, school-wise

I end up making this kind of face!
But when I think about studying horticulture next year
I'm so happy I changed my college choice!

Yamada!
Sorry for keeping you waiting!
Even though you're a third year you haven't retired from club yet?
Well the coach said I should observe the first and second years practicing
So I was just checking them out
How cruel!
She said that since my exams are over I'm free anyway
It's getting dark earlier and earlier these days
I won't be able to get as much work done!

Your hand's cold...
Were you waiting long?
Um a little
I guess it
ビキ
Let's head home!
ぽす
Alright!

Even though we're both girls we're dating
Your hair's pretty cold too
He he
We made a promise that we would both go to college in Tokyo
Kase san
always has a lot of body heat. It warms me right up...

Hey Kase-san
Starting next week we might not be able to walk home together
Eh?!
Why not?!
You're that freaked out?

It's the commute to the cram school in front of the station
I need to brush up on my studies.
I have to catch the earliest bus to get there so I can't meet you beforehand
I'll need to run just to catch it on time
Sorry...
Is...
Is that so...
Can't be helped, I suppose...

I'm definitely going to go to Tokyo with you!
I'm gonna do my best!
Kase-san
Yeah, do your best, Yamada!
Next year, we'll be together all the time!
All the time?
Even though we're gonna be in different colleges...?
Oh here
Why don't you plant these in the flower beds Yamada?
?
どさ

Shall we plant them together?
Hopefully they'll bloom by the time we graduate!

Wow!
Tulips?!
These are big!

They'll still bloom after we graduate right?
I think that's a good thing too!
You do?

Huh?
Really?
Tulips tend to bloom around April or May so I don't think they'll make it in time for the ceremony
Ehhhhh
But it's fine!
Let's plant them tomorrow!

When Kase-san and I head off for Tokyo the tulips will bloom...
Find next year
Uwaa!
わいわい
It sounds wonderful!
I have to stay in a dorm during my first year...
but once I'm a second year they'll kick me out.
Heh...
How should I say them out...?
Hey, Yamada
Yeah?
When we go to Tokyo...
Kase-san's staying in a dorm
It's a sports college after all
Practice must be tough.
So when we become second years I was thinking we could live together

Living together?!
Eh?!
You don't want to...?
Y-
ぴょん

Ah
it doesn't have to be right away?!
When we're second years.
Every-one?!
Where did you get that information from
Kase-san I haven't even taken my exam yet!
Wait wait!
Ehhh?!
Wha
!?
ぶわわ
Everyone lives together during college don't they?
Uh I haven't even passed yet and you're thinking so far ahead!
Waaaah!
I don't know about you since you've already passed but
But I still don't know what's gonna happen yet so if you say that kinda stuff...
I'll

I was getting ahead of myself just because I passed
You're right.
Sorry
I didn't consider your feelings Yamada
Sorry
I was only thinking about myself
Ah
the bus!
ブロロロ…
ばたばた
ばたばたガヨン

I'll think about it!
Kase-san!
†"
It's a long ways off but I'll think about it!
Um
Anyway, I'll see you tomorrow!
Let's plant the tulips!
Let's plant them, okay?

ブロロ…
ブロロ
I hadn't even thought about that !
I was so focused on getting to Tokyo with Kase-san
ゴチ…
ずる

I hadn't thought beyond that...
Umm...
ドキ
ドキ
Anyway gotta focus on the exam!
The exam!
After school we began to prepare for the culture festival
Alright girls the uniforms have arrived!
Hand em out!
For now check if they fit you okay!
Kyaa!
Wow, this is cute!
Wow!
It really suits you Mikawacchi!

Eh?!
You should try it on too Yamada!
No I'm fine!
Come on Yamada-san! You'll have to wear it eventually
Put it on! Put it on!
It's just an apron!
Ehh
It really suits you!
Welcome ♡
Our class is doing a crepe stand
So cute!
ガラ…

Ehnnn?!
What's with that outfit, Yamada?!
It's cute!
She's not the only one wearing it y know
Kase chan were scheduling everyone's shifts for the stand
When are you gonna be free?
Ah sorry guys
We've got one for you too, Kase san
Didn't see you there
Ah you're right

Ehhh
Kase-chan, you should at least help out a little
It seems like I have to escort a visitor who's coming from Tokyo
Sorry, but I'll have to be a walking salesman
I think I'm gonna be too busy with club stuff to help out with the class
Eh is that so?
Eh...?
Her senpai...
Heh
My senpai from N-College is also coming
Looks like it's gonna be a busy day
from N-College ?!
